“True art is ever progressive and impatient of fixed rules. Because a thing has always been done in a certain way is no reason why it should never be done in any other.”

- Louis Comfort Tiffany -

Tiffany Art Glass Collection

Tiffany Art Glass Collection

In our Traditional Tiffany Collection, we use the same high quality copperfoil and leading technique that Louis Comfort Tiffany perfected in his original creations. His love of flowers and nature reflects in many of our shades and bases. In many cases, colors and designs were updated to coordinate with home decor that is popular today. Louis Comfort Tiffany was constantly innovating his many techniques and styles, and Dale Tiffany has continued that heritage.
